iUniverse, United States, 2007. Paperback. Condition: New. Language: English. Brand new Book. What would you do if you were talking to a merchant who sold mutilated corpses while his partner measured you for the next grisly batch? What if you were faced with a bomb-happy ghost whose goal is to blast you into the sky? What if you were stuck patrolling the famous Picasso paintings that love to frighten people? Those don't scare you enough? Then perhaps a black widow who just killed her husband would suffice or maybe a grandmother, who believes ancient voodoo will bring her husband back from the dead, is your cup of tea. If those are not enough to entice you, would a plant that could show you your death be of interest? Tales of the Darkside is a collection of gothic short stories. These twelve stories encompass both the thrills and the chills of the Gothic Tradition. You will laugh while chills travel up your spine. For those who are brave of heart or adventurous, read on . if you dare.
